

AXIS M3088-V Dome Camera

Fixed 8 MP mini dome with deep learning

This cost-efficient mini dome features Wide Dynamic Range (WDR) to ensure clarity even when there's both dark and light areas in the scene. A deep learning processing unit enables intelligent analytics based on deep learning on the edge. Plus, AXIS Object Analytics including time in area feature lets you track whenever an object stays in a defined area longer than a user-defined time, for example, to detect loitering. This compact, easy-to-install, vandal-resistant camera comes factory focused so there's no manual focusing required. Furthermore, Axis Edge Vault protects your Axis device ID and simplifies authorization of Axis devices on your network.

- > Great image quality in 8 MP
- > Compact, discreet design
- > WDR for challenging light
- > Support for analytics with deep learning
- > Built-in cybersecurity features

AXIS M3088-V Dome Camera

~			110
Camera Image sensor	1/2.8" progressive scan RGB CMOS		I/O: manual trigger, virtual input, digital input via accessories using portcast technology
Lens	2.9 mm, F2.0		MQTT: subscribe Scheduled and recurring: schedule
20.13	Horizontal field of view: 109°		Video: average bitrate degradation, tampering
	Vertical field of view: 56° Fixed iris, IR corrected	Event actions	Notification: HTTP, HTTPS, TCP and email
Day and night	Automatically removable infrared-cut filter		Record video: SD card and network share
Minimum	Color: 0.25 lux at 50 IRE F2.0		MQTT: publish Pre- and post-alarm video or image buffering for recording or
illumination	B/W: 0.05 lux at 50 IRE F2.0		upload
Shutter speed	1/71500 s to 1/5 s		Record video: SD card and network share SNMP traps: send, send while the rule is active
Camera angle	Pan: ±175°		Upload of images or video clips: FTP, SFTP, HTTPS, network
adjustment	Tilt: ±80° Rotation: ±175°		share and email External output activation via accessories using portcast
	Can be directed in any direction and see the wall/ceiling		technology
System on chip		Built-in installation aids	Pixel counter
Model	CV25	Analytics	
Memory	2048 MB RAM, 512 MB Flash	AXIS Object	Object classes: humans, vehicles (types: cars, buses, trucks,
Compute capabilities	Deep learning processing unit (DLPU)	Analytics	bikes)
Video			Trigger conditions: line crossing, object in area, time in area ^{BETA} Up to 10 scenarios
Video	H.264 (MPEG-4 Part 10/AVC) Main and High Profiles		Metadata visualized with color-coded bounding boxes
compression	H.265 (MPEG-H Part 2/HEVC) Main Profile		Polygon include/exclude areas Perspective configuration
Daniel diam	Motion JPEG		ONVIF Motion Alarm event
Resolution	3840x2160 (8 MP) to 320x240	Metadata	Object data: Classes: humans, faces, vehicles (types: cars, buses,
Frame rate	12/15 fps with power line frequency 50/60 Hz in H.264 and H.265 ^a		trucks, bikes), license plates Confidence, position
Video streaming	Multiple, individually configurable streams in H.264, H.265 and		Event data: Producer reference, scenarios, trigger conditions
	Motion JPEG	Applications	Included
	Axis Zipstream technology in H.264 and H.265 Controllable frame rate and bandwidth		AXIS Object Analytics, AXIS Video Motion Detection Support for AXIS Camera Application Platform enabling
	VBR/MBR H.264/H.265		installation of third-party applications, see axis.com/acap
	Average bitrate	Cybersecurity	
Multiview	Up to 2 individually grapped out view areas in full frame rate	- 1	
Multi-view streaming	Up to 2 individually cropped out view areas in full frame rate	Edge security	Software: Signed firmware, brute force delay protection, digest
	Compression, color, brightness, sharpness, contrast, white		authentication, password protection, AES-XTS-Plain64 256bit
streaming	Compression, color, brightness, sharpness, contrast, white balance, exposure control, motion-adaptive exposure, WDR: up		authentication, password protection, AES-XTS-Plain64 256bit SD card encryption Hardware: Secure boot, Axis Edge Vault with Axis device ID,
streaming	Compression, color, brightness, sharpness, contrast, white balance, exposure control, motion-adaptive exposure, WDR: up to 120 dB depending on scene, dynamic overlays, mirroring of images, privacy mask		authentication, password protection, AES-XTS-Plain64 256bit SD card encryption Hardware: Secure boot, Axis Edge Vault with Axis device ID, signed video, secure keystore (CC EAL4+ certified hardware
streaming Image settings	Compression, color, brightness, sharpness, contrast, white balance, exposure control, motion-adaptive exposure, WDR: up to 120 dB depending on scene, dynamic overlays, mirroring of images, privacy mask Rotation: 0°, 90°, 180°, 270°, including Corridor Format	Edge security	authentication, password protection, AES-XTS-Plain64 256bit SD card encryption Hardware: Secure boot, Axis Edge Vault with Axis device ID, signed video, secure keystore (CC EAL4+ certified hardware protection of cryptographic operations and keys)
streaming Image settings Pan/Tilt/Zoom	Compression, color, brightness, sharpness, contrast, white balance, exposure control, motion-adaptive exposure, WDR: up to 120 dB depending on scene, dynamic overlays, mirroring of images, privacy mask	Edge security	authentication, password protection, AES-XTS-Plain64 256bit SD card encryption Hardware: Secure boot, Axis Edge Vault with Axis device ID, signed video, secure keystore (CC EAL4+ certified hardware protection of cryptographic operations and keys) IEEE 802.1X (EAP-TLS) ^b , IEEE 802.1AR, HTTPS/HSTS ^b , TLS v1.2/v1.3 ^b , Network Time Security (NTS), X.509 Certificate PKI,

T10180116/EN/M7.9/2301 www.axis.com

Storage conditions	-40 °C to 65 °C (-40 °F to 149 °F) Humidity 5–95% RH (non-condensing)
Approvals	EMC ICES-3(A)/NMB-3(A), EN 55032 Class A, EN 55035, EN 61000-6-1, EN 61000-6-2, FCC Part 15 Subpart B Class A, ICES-003 Class A, VCCI Class A, KS C 9835, KS C 9832 Class A, RCM AS/NZS CISPR 32 Class A, Safety IEC/EN/UL 62368-1, IS 13252 Environment IEC 60068-2-1, IEC 60068-2-2, IEC 60068-2-6, IEC 60068-2-14, IEC 60068-2-27, IEC/EN 60529 IP42, IEC/EN 62262 Class IK08 Network NIST SP500-267
Dimensions	Height: 56 mm (2.2 in) ø 101 mm (4.0 in)
Weight	150 g (0.33 lb)
Included accessories	Installation guide, Windows® decoder 1-user license

Optional	AXIS TM3812 Tamper Cover
accessories	Black casing
	Smoked dome
	AXIS Surveillance microSDXC™ Card
	For more accessories see axis.com
Video management software	AXIS Companion, AXIS Camera Station and video management software from Axis Application Development Partners. For more information, see axis.com/vms
Languages	English, German, French, Spanish, Italian, Russian, Japanese, Korean, Portuguese, Simplified Chinese, Traditional Chinese
Warranty	5-year warranty, see axis.com/warranty

a. Reduced frame rate in Motion JPEG
 b. This product includes software developed by the OpenSSL Project for use in the OpenSSL Toolkit. (openssl.org), and cryptographic software written by Eric Young (eay@cryptsoft.com).
