

T-Series Readers

The Gallagher T-Series Reader and Terminal range provides contactless card functionality for access control management in your business.

Fast and secure access control

Utilizing the high speed RS485 HBUS protocol, Gallagher readers can offer an unparalleled access decision response time.

Features and benefits

- Support for multiple card technologies including: MIFARE DESFire EV1®, EV2® and EV3®, MIFARE Plus® and MIFARE Classic®, as well as optional 125 kHz proximity and Bluetooth® wireless technology
- Field upgradeable software
- Secure reader authentication and encryption of data communications with HBUS
- Upgrade software in situ to keep your system up to date with the latest technology developments
- Protection from extreme environmental conditions
- Environmentally friendly – RoHS compliant and designed for minimal power consumption
- Backwards compatibility – the readers are compatible with Cardax IV enabled hardware
- Support for custom site encryption keys
- Heartbeat monitoring for real-time reader status
- Extensive selection of mounting, and protection accessories

Gallagher T20 Terminal

With a contemporary and intuitive user interface, 3.5" color screen and large backlit keys, Gallagher's T20 access terminal is very easy to use. Crafted from high grade polymer material, the terminal has IP66 rated environmental protection, and IK08 rated impact protection making it ideal for use in harsh environments. The T20 is both an access reader and a management tool, able to read cards, accept PIN's and has the ability to interface directly with the security system to make control decisions

Features and benefits

- Display company logo's, promotional imagery, and messaging, customized exit and entry access denied/granted messages, and enforce cardholder competencies through message display.
- Manage building facilities like heating, ventilation, or lighting with a key press.
- Arm and disarm up to 50 alarm zones distributed across any system controllers, with optional automated input isolation, and automated alarms acknowledgment.
- Display up to 200 unacknowledged alarms and 100 acknowledged alarms, and manage up to 100 inputs. An alarms only variant is available (The T20 Alarms Terminal - C300463) when reader capability is not required.
- Maintain system integrity with prompts to conduct manual system checks
- Utilize extensive perimeter management functions.
- Supports multiple languages.
- Ensure awareness of any attempted tampering with an integrated rear tamper.
- Fully configurable Mimic Panel reflecting the status of up to 8 inputs, outputs, or alarm zones.
- Prevent bystander PIN disclosure at the keypad with Cipher Pad functionality.
- Supports Gallagher Mobile Connect

T20

Gallagher T30 Keypad Reader

Providing that vital extra layer of security, while being robust enough to withstand the harshest of conditions.

- Protection from the elements, with an environmental protection rating of IP68.
- Supports Gallagher Mobile Connect.
- A dedicated arming key with Alarm Zone status indication.
- IK09 impact protection rating.
- Surface and flush box mounting options.

T30

Gallagher T-Series Readers

Available in several thin-form shapes, black or white, MIFARE or multi tech, the contactless readers of the T-Series range provide a reader option for anywhere on site.

Features and benefits

- Strong environmental protection and impact protection.
- Contemporary design - classic black and white, with both mullion or flushbox mounting variants.
- Configurable illumination and sound; where visual or audible indications may cause distraction.
- Limited lifetime warranty.

T10

T11

T12

T15

T15 Reader

Superior environmental protection

The robust construction of Gallagher's T15 Reader makes it perfect for deployment in environmentally challenging locations. Our comprehensive testing procedures prove the T15 delivers outstanding all-weather performance, making it the easy choice for outdoor use.

Slim form factor

Available in standard and multi-technology variants, the T15 sits easily on a mullion, and delivers reliable card reading performance when mounted on a variety of surfaces (including metal).

Gallagher also provide a number of accessories for the T-Series range including:

- **Protective covers** - IK08 rating protects readers against vandal attacks and harsh environments
- **Dress plates** - cover up holes left by previously installed readers, ensuring a clean finish for sites upgrading their reader and terminal hardware
- **Bezels** - surrounds available in a variety of colors to suit decor
- **Spacers** - enforces a space between the reader and the mounting surface, allowing installations on metal surfaces whilst preserving credential read range
- **Mounting blocks** - allow the T20's wiring to be terminated in a tamper protected environment.

Cat5e**	up to 500m
Gallagher HBUS Cable**	up to 500m
Standards Compliance	All equipment complies with FCC, CE, UL, and RCM approvals. Compliance and certification information is available on our support site or by contacting Gallagher. 

* Read range may be reduced when reader is mounted on metal surfaces

* Prolonged exposure to high UV light environments can cause plastics to discolor

** For further cable specifications please refer to the Gallagher Security System Technical Reference Manual

*** For further information on the Mobile Connect solution, please refer to the Mobile Connect Datasheet
